

How to fund your account

Deposit Funds

To deposit funds into your Valutrades trading account follow these steps:

Bank Wire Transfer

- click on my funds
- locate the wire transfer bank details on the left hand side of the screen
- set up a wire transfer using the bank details of your trading account base currency
- once funds have been received into Valutrades client bank account and relevant checks have been made, funds will be credited to your trading account

All other deposit methods:

- click on my funds
- select the account you wish deposit into
- select the amount you want to deposit
- click on fund account
- choose the payment system of your choice
- enter the payment details
- click on pay
- confirmation will be received stating if deposit was successful

Conditions

Valutrades does not accept funds from third parties. Payments can only be made from an account that has the same name as the one on your Valutrades trading account
