Step 4: Once you have uploaded the Range Bar EA to the folder, please close the folder and shut down your MT4 platform. Open your MT4 platform again and now you should see in the Expert Advisors folder, the Range Bar Indicator.

Step 5 - Tools > History Center 7 b. Double Click EURUSD M1 > Download c. Close History Center We recommend that you download the history for the 1 minute, 5 minute, 15 minute, 30 minute and 1 hour charts:

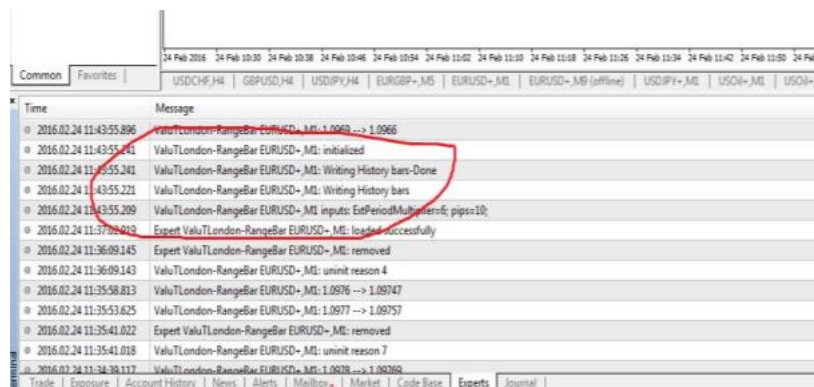

Step 6- Add the EA to Chart Drag the Range Bar Expert Advisor from the folder on the right by highlighting with your mouse and holding down the left mouse button. Add the EA to the EURUSD 1 Minute Chart.

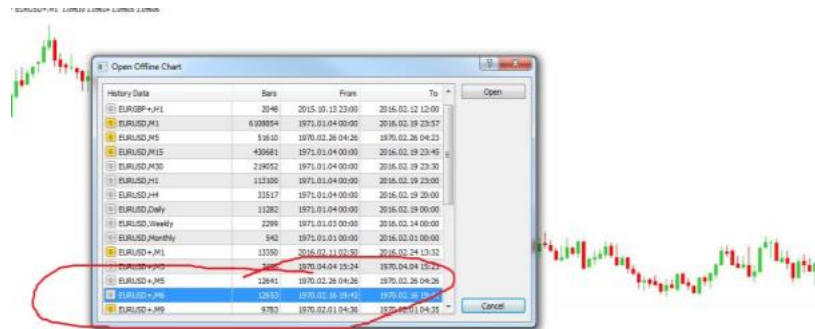

Step 7 - Choose Inputs Tab Choose the inputs tab and double click on "ExtPeriodMultiplier". Please change this to 6. Click ok and close the window.

Step 8: Check Experts Tab At the bottom of the MT4 platform, click on the "Experts" tab. If this doesnt show up, please make sure that Terminal is ticked under the view tab at the top of the platform. In the experts if you see "Writing History Bars - Done" you know that the range bars EA has been loaded correctly.

Step 9: Open Offline Chart Go to "File" > "Open Offline" Scroll down and Choose EURUSD +,M6 and click "Open"

Step 11: More details:
